Good afternoon,

Dr. Nance would like to attend the meeting with the community and LDEQ. We will need to get with ARD regarding the air monitoring requirements and to determine if we can get NAAQS monitors placed within the community.

Also, Taim, I believe that you provided a list of attendees, including titles and contact information from the EPA meeting with LA Bucket Brigades in August. Can you update the chart for the EPA attendees so that we can send back to them?

I will get Sue and Turk to set up a briefing with ARD in early December.

Thanks,  
Stacey

**Subject:** Follow up meeting on air monitoring in St. James

Dear Dr. Nance and Region 6 Office,

I hope this email finds you well. We wanted to schedule a follow up meeting with your team to move forward towards our goal of getting comprehensive NAAQS-comparable air monitoring in St. James Parish. For your reference, I've attached the follow up our team had sent after our August 31st meeting, which details the next steps we had discussed as well as other supplementary information. Please let us know of your availability for a follow up conversation. Feel free to call me at the phone number below to discuss dates and times if needed.

Also, the list of participants from the last meeting that was given to us (attached) is absent of any titles. Could we get an updated list that includes participant titles so that we know what subdivision each participant was from? This would be greatly appreciated!

Looking forward to hearing from you.

Sincerely,

--
